Backend Exposure:	● Node.js, Express
Ai Tools	● ChatGPT, GitHub Copilot, Claude
Concepts	● SPA SSR, SSG Architecture, Performance Optimization, Responsive Design

Professional Journey

Mar 2023 - Apr 2026	● Freelance Senior Frontend Engineer Remote (Contract)
Jun 2021 - Apr 2023	● Senior Software Engineer BestDoc Technologies Pvt Ltd
Sep 2015 - Jan 2020	● Senior Software Engineer BigBasket (Supermarket Grocery Supplies Pvt Ltd)
Mar 2015 - Jul 2015	● UI/UX Developer Delyver Retail Pvt Ltd

Professional Experience

Freelance Senior Frontend Engineer

Remote (Contract) | May 2023 – Present

- Leading frontend development for e-commerce and web applications using Flutter and React
- Built cross-platform apps (iOS, Android, Web) with features like product listing, cart, checkout, and order tracking
- Developed admin dashboards for inventory and order management using Flutter Web
- Integrated payment gateways (Razorpay) and REST APIs using Dio
- Improved performance and UX through reusable components and optimized rendering
- Leveraged AI tools (ChatGPT, GitHub Copilot) for faster development, debugging, and code optimization

Senior Software Engineer

BestDoc Technologies Pvt Ltd | Jun 2021 – Apr 2023 | Remote

- Developed healthcare applications including Consult, Survey, Analytics, and Concierge platforms
- Built scalable frontend systems using Vue.js and Vuex
- Implemented appointment booking, patient feedback systems, and analytics dashboards
- Worked closely with backend teams for API integration and feature delivery
- Focused on usability, responsiveness, and performance optimization

Senior Software Engineer

BigBasket (Supermarket Grocery Supplies Pvt Ltd) | Aug 2015 – Apr 2020 | Bangalore

- Contributed to end-to-end frontend development of core e-commerce features
- Built and maintained modules including:
 - Homepage
 - Product Listing & Product Page
 - Custom Pages (dynamic CMS-driven pages)
 - Member/Authentication flows
 - Gift Cards
 - Checkout & Payment systems
- Developed scalable UI using React and Redux
- Implemented complex features like delivery slot selection and payment integrations
- Improved UI/UX and application performance for high-traffic systems
- Collaborated with cross-functional teams to deliver production-grade features

UI/UX Developer

Delyver Retail Pvt Ltd | Feb 2015 – Aug 2015

- Designed and developed e-commerce web applications
- Created UI designs using Adobe Illustrator and Material Design principles
- Implemented responsive frontend using HTML, CSS, JavaScript, and jQuery
- Collaborated with product and backend teams to deliver user-friendly interfaces

Key Projects

E-Commerce Platform (Flutter + React + Node)

- Built a full-featured cross-platform shopping application
- Features: product listing, cart, checkout, coupons, order tracking
- Integrated payment gateway and admin dashboard
- Focused on performance, scalability, and seamless UX

Healthcare Applications (Vue + Vuetify + Vuex)

- Developed multiple healthcare platforms for booking, analytics, and patient services
- Delivered scalable and responsive UI systems

BigBasket Core Platform (React + Angular)

- Worked on high-impact modules used by millions of users
- Built scalable checkout and payment systems
- Improved user experience across multiple flows

Achievements

- Delivered large-scale applications used by millions of users
- Improved frontend performance and reduced load times significantly
- Strong experience in building reusable and scalable component systems

Education

2012-2015	MCA from KRUPANIDHI COLLEGE Score 73%
2008-2011	BCA from RBANMS First Grade College Score 60%
2006-2008	Higher Secondary School Score 83%
until 2006	CBSE [10th Std] Score 60%

● Personal Information

Date of Birth	●	5th February 1990
Father's Name	●	Late Mr Surendran KK
Marital Status	●	Married
Languages Known	●	English, Hindi, Malayalam

● Additional Information

- Strong problem-solving and debugging skills
- Experience mentoring developers and reviewing code
- Open to remote and international opportunities

Declaration

I consider myself familiar with Computer Science and Engineering Aspects. I am also confident of my ability to work in a team. I hereby declare that the information furnished above is true to the best of my knowledge
